VDOT Fredericksburg District

87 Deacon Road
Fredericksburg, VA 22405

Civil Rights

Representatives from VDOT are present to discuss the project and answer your questions. It is the responsibility of VDOT to ensure that all members of the community are afforded the opportunity to participate in public decisions on transportation projects and programs affecting them. VDOT ensures nondiscrimination in all programs and activities in accordance with the Title VI of the Civil Rights Act of 1964.

If you need more information or special assistance for persons with disabilities or limited English proficiency, contact VDOT's Civil Rights Office at 757-925-2519 (TTY/TDD users call 711).

Right-of-Way

Information about right-of-way purchase is discussed in VDOT's brochure, "Right-of-Way and Utilities: A Guide for Property Owners and Tenants." The document is available online:

www.virginia.gov/business/resources/Right_of_way/A_Guide_for_Property_Owners_and_Tenants.pdf

Public Information Meetings Interstate 95 Express Lanes Fredericksburg Extension Study

Tuesday, March 21, 2017
Freedom High School
15201 Neabsco Mills Road
Woodbridge, VA 22191
6:00 PM - 8:00 PM

Wednesday, March 22, 2017
Stafford High School
63 Stafford Indians Lane
Fredericksburg, VA 22405
6:00 PM - 8:00 PM

Public Information Meeting

Welcome to the Virginia Department of Transportation's (VDOT) Public Information Meeting (PIM) for the Interstate 95 Express Lanes Fredericksburg Extension Study. The study will assess the extension of the I-95 Express Lanes from Exit 133 (US 17 N) to Exit 143 (VA 610), along with access improvements at Exit 148 (Russell Road).

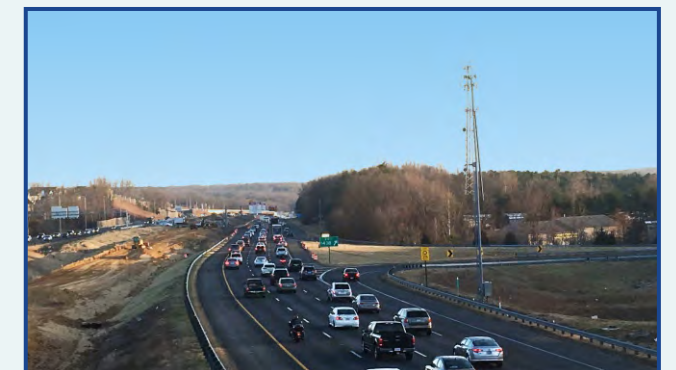

This PIM is being held to present preliminary information on the study. To view the meeting materials, study information, or project updates, please visit:

www.virginia.gov/projects/fredericksburg/i-95_express_lanes_fredericksburg_extension.asp

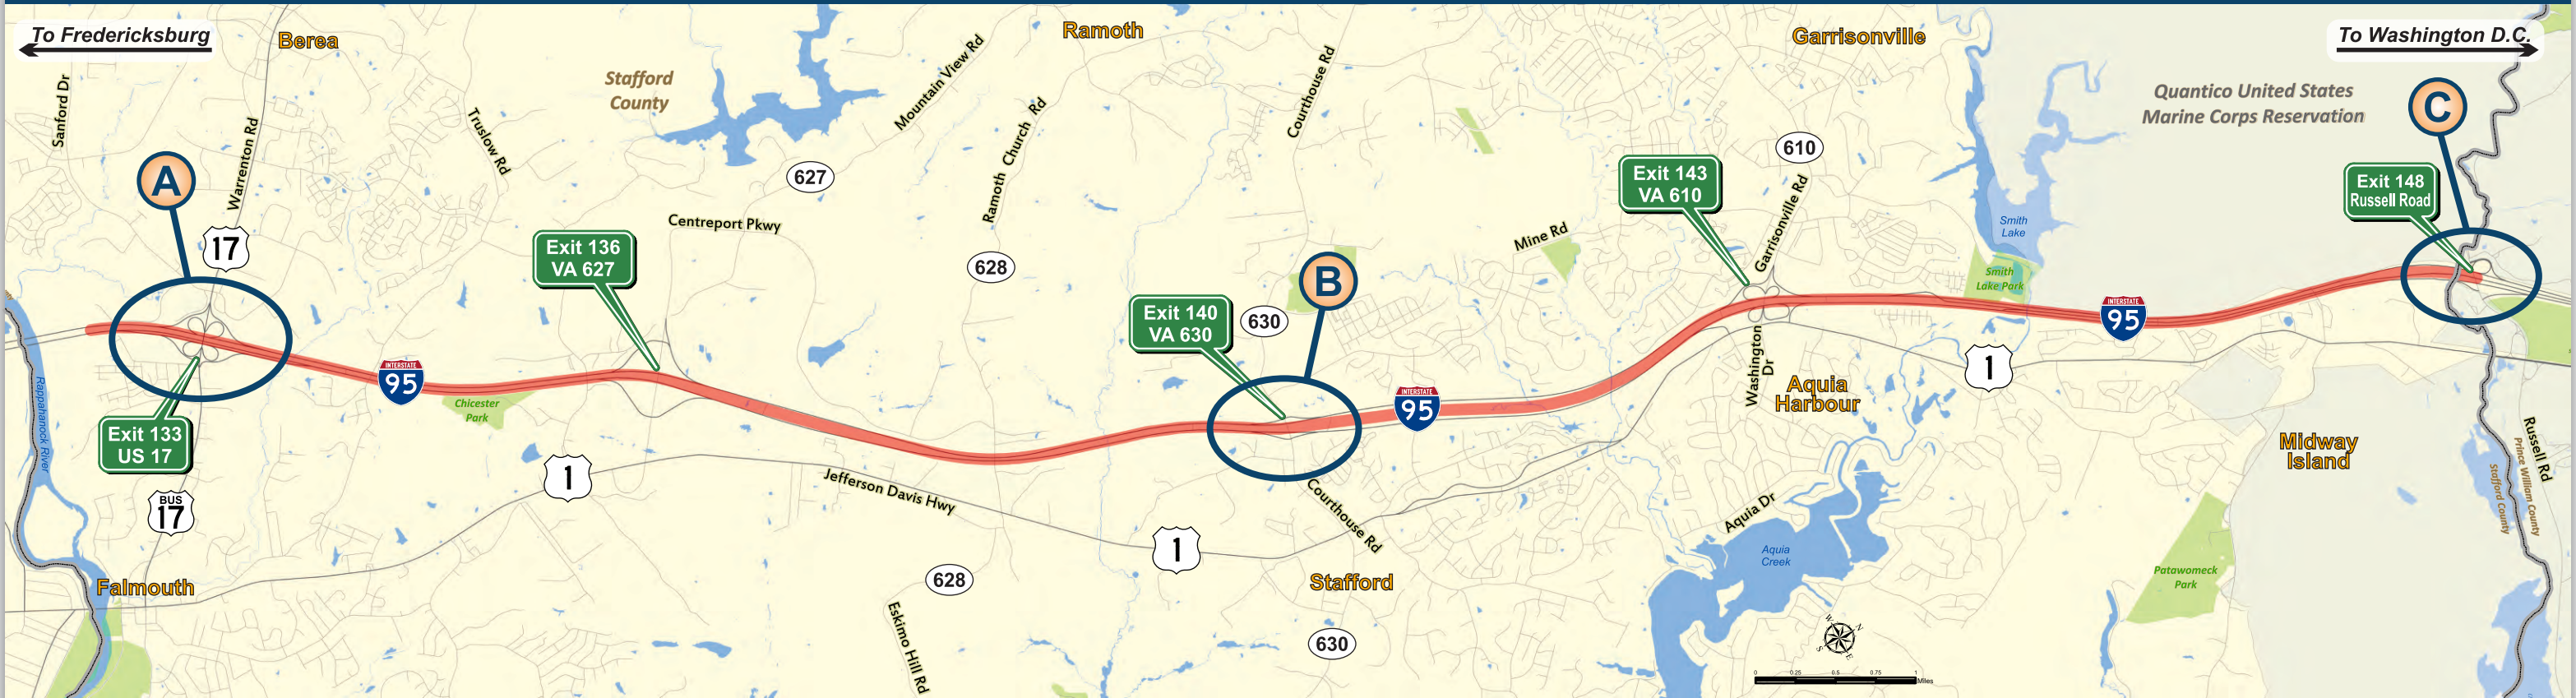

Location and Purpose and Need

This study examines I-95 from Exit 133 (US 17 N) to Exit 148 (at Russell Road), an extent that was previously studied in the 2011 I-95 High Occupancy Toll (HOT) Lanes Environmental Assessment (EA). The Fredericksburg Extension Study will involve the development of a Revised EA, which will document changes to the project since the release of the 2011 EA. The purpose and need for this study are carried forward from the 2011 I-95 HOT Lanes Project EA, and includes:

- Reducing daily congestion and accommodating travel demand more efficiently.
- Providing greater reliability of travel times.
- Expanding travel choices by increasing the attractiveness and utility of ridesharing and transit usage, while also providing an option for single-occupant vehicles to bypass congested conditions.

Project Study Area

Improvement Areas

I-95 at US 17 (Exit 133)

I-95 at Courthouse Road (Exit 140)

I-95 at Russell Road (Exit 148)
